Acknowledgement

This book grew out of a two-day conference, “The Metaphors of Resistance and Discontent” organized in Sousse, November 21-22, 2019 by the Tunisian Association for English Language Studies.

This book would not have been possible without the effort of TAEELS team who contributed much behind the scenes for many months in preparation of the conference: Ezzeddine Saidi, Jawhar Ahmed Dhouib, Yasmina ben Mbarek, Samar Frittis, Rahma Daoued, Mouna Ben Aissa and Seifeddine Mohamed.

We would like to seize this opportunity to thank all the authors in this volume for patiently writing, revising and editing their papers and for the insightful remarks presented by the reviewers whose commitment has made this volume a reality.

A conference of this magnitude could not have been possible without the tremendous and generous support of the Higher Institute of Languages which contributed in making all this happen.
